ABOUT ME

Final-year undergraduate student in the Department of Information Communication Technology at the Faculty of Technology, Rajarata University of Sri Lanka. Open to internships, with a strong foundation in networking principles, including design and configuration, software testing (manual & automation), and cloud technologies (AWS, Azure). Passionate about learning, problem-solving, and gaining hands-on experience in IT infrastructure and software quality. Dedicated to contributing to innovative projects and expanding my technical expertise.

EDUCATION

BICT (Honors) in Information Communication Technology **Aug 2022-Present**
Rajarata University of Sri Lanka | Current GPA - 3.27 Credit 72

2020 G.C.E.Advanced Level | Technology Stream **2018-2020**
Dhamapala National College Bandarwela

CERTIFICATIONS

Diploma in Human Resource Management | LPEC Campus

Network Basics | CISCO Networking Academy

Introduction to Cybersecurity | CISCO Networking Academy

Python for Beginners | University of Moratuwa

Introduction to IOT | CISCO Networking Academy

Introduction to DevOps Tools | Simplilearn

SOFT SKILLS

- Project Management
- Teamwork
- Time Management
- Leadership
- Effective Communication
- Critical Thinking

TECHNICAL SKILLS

- **Programming Language & Web Development** : Python ,Java, C, OOP, HTML, CSS, JavaScript and PHP
- **Network Simulation** : Cisco Packet Tracer
- **Network Configuration**

- **IP Address Subnetting**
 - **Networking Principles**
 - **Database : MySQL**
 - **Tools & Technology : VS code, Figma, Docker**
-

RESEARCH AND PROJECTS

An Explainable AI -Based Machine Learning Approach for Multi Level Heart Attack Severity Prediction. (Ongoing)

Developed a machine learning model to predict heart attack severity levels and used SHAP for explainable AI to identify key medical factors influencing predictions.

AI/ML Football Analysis System (2025)

Developed an AI-based system to detect and track players and ball from match videos, generating heatmaps and possession analytics for performance analysis.

Hotel Management System (2023)

Developed a web-based kitchen management system to track ingredients, manage inventory, and monitor expiration dates efficiently. Designed the platform to improve organization, reduce food waste, and support effective resource management in culinary environments.

EXTRACURRICULAR ACTIVITY

- Member of Association of Technology IT, Rajarata University of Sri Lanka. (2022- Present)
 - Trainee as school leaver at Bank of Ceylon , Uvaparanagama. (2022 Feb - Aug)
-
